

LOVING HANDS - Complete Blueprint & Design Guide

Final Build: Secret Admin v1 | Splash 5s | Gallery 1s | Rotating Glow | Date: 2026-07-31

1. Project Overview

This document contains the full rebuild instructions for the Loving Hands website including intense pink (#E6086B) and blue (#4F46E5) neon glows, bigger splash logo (380px), rotating top logo, 1-second gallery loop, and secret backend triggered by 7 clicks on bottom logo with password love1234.

2. Final Site Features

Splash Screen: Giving Love logo white card 380x380 radius 40, double layer glow ::before blur 22px opacity 0.85, ::after blur 38px opacity 0.55, innerPulse box-shadow pink 30px + blue 60px pulsing to 45px/85px. Duration 5000ms then fade 0.9s.

Gallery: 9 images base64 embedded in window.__LH_GALLERY_IMAGES, replaced caregiver image via MutationObserver, setInterval 1000ms.

Top Nav Logo: Wrapped in .nav-logo-glow-wrap 60px, conic-gradient rotating 2s linear infinite, outer blur 18px inset -16px reverse.

Secret Admin: Footer logo click counter 7 within 2s, modal login, full panel with tabs.

3. Gallery Images (9)

4. Splash Logo - Giving Love

This logo is used for splash screen. White card with intense double glow. Code: `.splash-logo-outer::before` background linear-gradient 135deg #E6086B -> #4F46E5 blur 22px animation outerGlow 2s infinite.

5. Step-by-Step Build Instructions

Step 1 - Base: Start from file8709768987288915149.html React build.

Step 2 - Convert 9 gallery images to base64 data URLs.

Step 3 - Inject #lh-gallery-wrap with CSS opacity transition and JS MutationObserver to replace caregiver img.

Step 4 - Create #custom-splash fixed z-index 9999999 with outer/inner glow animations, timer 5000ms.

Step 5 - Top logo: Find `img[alt*='Loving Hands Logo']`, wrap in `div .nav-logo-glow-wrap`, apply conic-gradient rotating glow.

Step 6 - Secret Admin: Click counter on footer img, 7 clicks in 2s opens login modal, password love1234, panel with gallery/logos/content/style/sections/data tabs, localStorage LH_ADMIN_CONFIG, rebuild via Blob download.

Step 7 - Test locally: open index.html, check splash 5s, gallery 1s, top glow rotates, bottom 7-click opens admin.

Step 8 - Deploy: Rename final file to index.html and upload to host (GitHub Pages: bryankoen71.github.io or Netlify).

6. Design System

Primary Pink: #E6086B, Primary Blue: #4F46E5, Background: #000 / #080808, Card: #111 border #222 radius 16, White: #fff, Text gray #666, Brand spacing 4px, Font Inter, Glow blur 18-38px, Sizes: splash 380px, nav 60px, Animation durations: outerGlow 2s ease-in-out, rotateGlow 2s linear infinite, splash fade 0.9s, gallery transition 0.6s.

7. Secret Admin Usage

Trigger: Scroll to footer, click bottom Loving Hands logo 7 times quickly. Login: love1234. Features: Gallery bulk upload (FileReader to dataURL), Logos upload, Content edit (h1-h4,p,button 80 items), Colors, Sections hide/show, Export JSON, Rebuild HTML. All edits saved to localStorage, use Rebuild & Download to bake into new file for upload.

8. File List in ZIP

index.html - final production file

assets/gallery/ - 9 webp
